Due to the rehabilitation & hygiene nature of our products, most of our products are non-returnable. Please call or go online to look at the products that interest you for details.

Where displayed: FREE ground shipping in the continental United States.

Where displayed: Due to size & weight, additional shipping charges apply. Please call for shipping quote.

ActiveForever has brought its great pricing & selection to the rental industry & offers the best medical equipment rental products on the market. Facilities, earn Rewards!

All of our products are fairly easy to assemble, high quality & VERY well priced. You will see this icon appear if a particular product is either one of a kind in the country, extraordinarily effective, or if we have purchased an entire warehouse of the product in an effort to bring it to you at an insanely low price.

ActiveForever is featured in Skymall. We also have wholesale access to many other products featured. If you see something you like in Skymall, check with us to see if we carry it & save!

### Isagenix Changes Lives!

Maintaining a healthy weight has been a lifelong battle for Dr. Ken.

"I wasn't any different than many Americans out there who struggle with their weight," admits Dr. Ken. "I would live for the event & go on a restrictive diet for whatever was coming up that I needed to look good for, but never make a lifestyle change."

Then his friend told Dr. Ken about Isagenix, the pounds began to come off and his patients noticed. Now the once yo-yo dieter is proud to have maintained his results, reducing his pant size from a tight 44 to a loose 36,\* trading his 3XL shirts for XL\* ones & becoming 101 pounds lighter\*.

• Isagenix® Shake & Cleanse Pak

## THERA-P® Bars

Light Weight Exercise Bars for Conditioning

Gain strength & endurance to stay active

THERA-P Bars were first introduced to therapy departments in 1996 for upper body rehabilitation. They can be found in all state-of-the-art facilities across the country. Now people of all ages are exercising with them at home for upper body conditioning to enhance their health, fitness & active lifestyles. Advanced & well-accepted features include 1" non-slip handles that are easy & safe to hold & flexible weight choices to meet all program requirements.

- Develop stronger muscles in the upper body with balanced strength-training
- Improve endurance & enhance your performance of daily activities
- Increase & maintain range of motion in the elbows & shoulders
- Improve trunk balance & posture

Color-coded weights range from 1-10 lbs.  
No assembly required

## AirBAPS

As with the original BAPS Board, the AirBAPS is the brainchild of Gary Gray, PT recognized by many as the father of "functional rehabilitation". The AirBAPS is a 20" board with a single, non-adjustable pivot point, correctly placed for the user to receive all of the biomechanical advantages of a larger BAPS board.

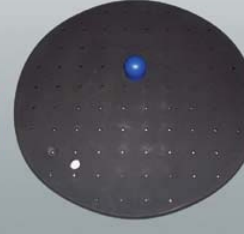

On the top of this unit is a controllable, inflatable bladder, easily inflated &/or deflated with a hand held pump allowing the caregiver to control the level of stability or instability experienced by the user.

The AirBAPS limitless combinations of proprioceptive, stability & strengthening stresses has this patented system setting the standard of balance boards for the next twenty years. Each system ships fully assembled & is supported by an exclusive instructional DVD authored by Gary Gray, PT.

- **A17576 299.00**

Printed on the AirBAPS bladder are vectors allowing an index of the user's relationship to the fixed pivot point & shape of the board. As the user changes their position, the stress from the exercise will change to isolate the ankle, knee, hip or back.

## FITNESS / PHYSICAL THERAPY

Electronic Muscle Stimulation (EMS) stimulates muscle motor nerves; exercising the muscle, while Transcutaneous Electric Nerve Stimulation (TENS) stimulates sensory nerve endings to help decrease pain. Both treatment methods help increase blood flow to speed the healing process.

TENS technology is clinically proven to relieve lower back pain

**ReVive**

**Includes:** BMR ReVive back pain relief belt, BMR ReVive control unit, 9-volt alkaline batteries (2), set of medical grade GelPads (4), belt extender, travel pouch, instruction manual and quick start guide.

### Revive™ Back Pain Relief Belt

**Immediate, Non-Invasive, Drug-Free Pain Relief System!**

Uses clinically proven Transcutaneous Electrical Stimulation (TENS) technology to relieve pain associated with aching muscles in the lower back due to strain from exercise or normal daily activities. Effective for both acute (short term) & chronic (long term) episodes of back pain. DO NOT use the BMR ReVive unit if you are pregnant or have undiagnosed chronic pain, a cardiac pacemaker, implanted defibrillators or any other implanted metallic or electronic unit. Color: Blue/Black.

- **A17314 01** ReVive Back Pain Relief Belt **129.00**
- **A17314 02** ReVive Back Pain Relief Replacement Pads **14.99**

### DMS® Deep Muscle Stimulator

**Used By Professional Athletes Across The Country!** Far more effective than any other machine on the market. Uses mechanical vibrations that reach deep into muscle tissue to break up scar tissue & increase lymphatic flow. Increases circulation

to aid in healing & recovery. Improves muscle metabolism & lactic acid cycle to relieve pain. Great for migraine headaches, sciatica, TMJ, carpal tunnel syndrome, tendonitis, bursitis, edema, myofascial pain & frozen joints. Constructed entirely of stainless steel & aluminum - no plastic or rubber parts.

- **A15263 2,599.00** **FREE**

### ReliaMed® ZZA550 Analog

**EMS Unit** Electrically Stimulate Your Target Muscles, Causing Them to Contract & Relax! Cycle bursts 2 bursts/second, 9 pulses/burst & 100 Hz. Protective cap over amplitude adjustment knobs prevents unintended changes. Built-in timer enables 30 or 60 minute sessions. Includes: 9V battery, hard carry case, 2 lead wires, 4 electrodes, user's manual.

- **A16150 43.95**

### ReliaMed Digital TENS

**Unit GM320T**

**Outstanding TENS Therapy At An Affordable Price!** 5 modes: burst, continuous, modulation, strength duration/rate modulation & strength duration/width modulation. Easy-to-read LCD display. Dual channel to make switching modes easier. Complete with carrying case, 2 lead wires, 9-volt battery, 1 package of 4 pre-gelled electrodes & operating manual.

- **A12273 74.95**

### Drive® Deluxe Dual

**Channel TENS Unit**

**(AGF-3X) Fully**

**Adjustable!** Pulse Amplitude: 0-80 mA peak into 500 ohm. Pulse Rate: 1 to 150 Hz. Pulse Width: 30 to 260 ms. Modulation Mode: Pulse rate is automatically varied in a cyclic pattern over an interval or nominally 10 seconds Burst Mode: Bursts occur twice every second. Max. Charge Per Pulse: 20 micro-coulombs. Size: 70(H) x 103(W) x 23 1/2(T) mm. 9V battery included. Weight: 115 grams with battery.

## Basic Comfort CorPak® Hot & Cold Packs

For the cost-conscious consumer, new Basic Comfort Packs are filled with the same temperature-retaining fill as the other Core Hot/Cold Packs, but have a cost-saving plastic covering instead of fabric.

These packs should be used with a towel or other protective covering.

## Soft Comfort CorPak® Hot & Cold Packs

For treating injuries requiring cold or heat therapy. Soft, "frost-free" cover is gentle against the skin and does not need to be wrapped in a towel. Because Core Comfort Packs have more fill than traditional packs, they retain cold and heat longer. Can be stored in freezer and put directly in the microwave. Long lasting, reusable and filled with non-toxic, biodegradable fill.

## BetterBinder™

A totally NEW binder concept

### Post-op Belly Support

Versatile and shape-adaptive, BetterBinder holds and hugs the post-op belly, remodels lymphedemic bellies, and gives bariatric patients comfort and control.

### Back Stabilization

Helps supports back muscles and stabilizes excessive joint motion in the pelvis, spine or ribs.

### Post-partum Support

After delivery, BetterBinder helps give empowering assistance by supporting the abdominal muscles and back, stabilizing excessive joint motion in the pelvis and remodeling the belly.

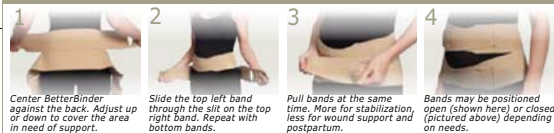

Can be worn over or under clothing (but not directly on a wound). Latex-free elastic is soft but strong with perfect stretch. Edges won't cut in or fold over. Designed by a physical therapist with over 40 years experience in women's health and orthopedics.

### BetterBinder Sizes

	WAIST
S	20 - 29"
M	30 - 39"
L	40 - 55"
XL	56 - 75"

### How It Works

### Products:

A13844	BetterBinder	44.96
--------	--------------	-------

## PowerWrap CorFit® Belt

This new addition to the CorFit family features a rigid back panel to create more support for the lower back during recovery. The cutout design allows the panel to conform comfortably to your spine without applying pressure. This allows your spine and vertebrae to relax, while still supporting the back muscles.

All CorFit belts are made from special wicking material that helps draw moisture away from the body to keep you cool and comfortable. Double side pulls for superior abdominal compression. Our unique CorEdge® finish adds comfort without binding or irritating your skin. White. XS-XL.

NEW! Rigid back panel provides more support for your lower back.

## G-Tube-Pak

Designed by the wife of a gastrostomy patient who disliked the way her husband's G-Tube was constantly being taped to his body. Tube-Pak eliminates the need for clumsy pins and tape, and is by far the most comfortable way to secure all types of enteral feeding tubes. Tube-Pak has been specially designed to facilitate most enteral feeding systems including:

- PEGS (Endoscopically placed Gastrostomy Tubes)
- Surgically placed Gastrostomy Tubes
- Jejunostomy Tubes & Others

Tube-Pak increases your patient's level of tube control, and may lead to increased patient self-care. It also minimizes the risk of "Accidental Pull-Out" in combative patients and small children.

## Urinary Bag Support Kits

NeilMed's Urinary Bag Support Kit is comprised of two 2" wide bands of lined surgical stretch material. This material prevents slipping and prevents the "tourniquet effect" that common latex straps might cause.

This kit fits most leg bag styles and attaches to either the thigh (Lower thigh 26", Upper thigh 31") or the calf (Lower calf 17", Upper calf 20"). Urinary bag is not included

A13846 02	Thigh	9.59

## LiquiCell Anti-Shear Mattress Overlay

The LiquiCell Mattress Overlay is an ultra-thin, liquid-filled membrane designed to prevent friction, hot spots, and subcutaneous ulcers (bed sores). Ideal for bed-ridden patients, the overlay prevents bed sores better than other pressure relief products because the liquid-filled membranes stretch and move, instead of the patient's soft tissue. Place under body contact areas, such as the ankles, coccyx, lumbar, shoulder blades and elbows. Washable. 9" x 38" (22.9cm x 96.5cm). One overlay per package.

## BEDROOM AIDS

SuperPole is particularly  
helpful if your bed won't  
properly accommodate a bed  
rail for transfers, or you need  
better leverage for getting up  
& down & transferring  
anywhere in the house.

### Health Craft SuperPole™

Install With No Damage

To Ceiling Or Floor! This

is the vertical pole you see

pictured on the right. It

runs from ceiling to floor;

jackscrew "expands" pole

between floor & ceiling

for a very quick & secure

installation. Works with

ceilings 93" to 101", heavy

gauge steel is 1 1/2" in

diameter. Outer diameter

of base is only 5". Note:

SuperPole™ can be custom cut to make it shorter if needed.

**SuperBar™**: 16" pole extends out at a 90° angle at a custom

height. Rotates around to eight locking positions for safe

transfers.

**SuperTrapeze™ Plus**: 12" trapeze handles descend from the

SuperPole & can be positioned anywhere from 42" - 70" down from

ceiling

**Uni-Fit Extender™**: can be purchased to add up to 21" of

length to SuperPole. Note: The trapeze cannot be used with Uni

Extender.

Weight Capacity: 300 lbs

• SuperPole Basic **A13037 01 179.00**

## MOBILITY AIDS

(Please see page 42 for the gorgeous Risedale® Seat Lift Chair with Optional Ottoman available now!)

Pride® offers the best quality brand lift chairs on the market according to our research & well over a decade of history of working with Pride®. You will be pleased, guaranteed!

### Basic Hints to honing in on the best model of lift chair for you:

- Determine the weight capacity you need.
- Determine the height & width you need.
- Determine the amount of & nature of recline you need.
- Determine whether you are worth the Heat & Massage Option if you are buying a model that can accommodate it.

Chair Positions:	
1st position	90 degrees
2nd position	45 degrees (TV Recline)
3rd position	75 degrees (Full Recline)
Infinite recline	full 180 degrees (Sleep Recline)

PLEASE NOTE: All prices are starting price & will vary upward based on fabric choice, please call for specific pricing.

## Keep In Touch With Family & Friends

SIMPLE • AFFORDABLE • EASY TO USE

### WHAT IS CELERY®?

Celery® is a two-way computer-less email system for active seniors. It is a patented, simple service that allows people to use E-mail, Twitter and Facebook with any fax machine. With Celery® no one is left out of the loop. Now everyone can effortlessly be included in digital photo and e-mail communications in a way that is familiar to them. Celery® is simple and fun to use.

### FEATURES

- Real time two-way communication
- Benefits of a computer without the hassle
- No complicated software or instructions to learn
- No additional phone line required
- No internet access required
- Toll free – no hidden long distance charges
- Spam control guarantee
- Prints text, photos, PDFs, Tweets, Facebook updates, RSS feeds & more...

The ONLY Two-Way Computerless E-mail System

# 1/2 Price Sale

#### Your Note ...

#### SENDING:

Sending email with Celery® is just like sending a fax. Our system automatically converts outgoing faxes into professionally presented emails. Celery® users simply write the recipient's email address at the top of the first page and then fax the message to a dedicated Celery® access number. Anything that can be faxed can be sent as email using any fax machine - handwritten or typed messages, photographs, newspaper clippings, etc.

#### RECEIVING:

Celery® users are provided with a custom email address (mom@mycelery.com). Anyone can send email to Celery users as they normally would. Incoming email is automatically converted into a fax and prints instantly in photo quality. Document and photo attachments will also print - even shopping discount coupons!

#### • A17304
